Dear all,

This is an exciting opportunity to engage with NATO at the NATO Strategic Communications Centre of Excellence in Riga, Latvia.

A brief excerpt about the award details is provided below:

The NATO Excellence Award allows researchers to conduct research on disinformation in social media, for instance with reference to malign influence in European elections. Award details are as follows:

- Work will be undertaken in English, but knowledge of Arabic or Russian would also be desirable.
- The grant is nine to 12 months in length and can commence anytime between January 2019 and September 2019.
- The candidate will be placed in the Technical and Scientific Development Branch (TSDB) which is responsible for creating and maintaining a capacity for quantitative data collection, analysis and reporting.

Full details about the award and application process are available at: <https://awards.cies.org/content/nato-excellence-award>

If you are interested and would like more information, please contact Michelle Bolourchi (Program Staff, Fulbright U.S. Scholar Program), copied on this note. The deadline to apply is October 15, 2018.

Best wishes,  
Nitin
